

July 28, 2015

To whom it may concern,

Please be advised that DMI has been in business since 1988. We currently have millions of square feet of warranted standing seam roofing and siding systems installed that are performing as required and expected

DMI uses only domestically manufactured galvalume coated steel in the production of our standing seam roofing, wall systems and architectural sheet metal fabrications. Utilizing only fixed based roll forming equipment, DMI systems are produced in our manufacturing plants located in:

Reynoldsburg, OH  
Columbus, OH  
Salisbury, NC

If you have any questions do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Philip L. Gastaldo". The signature is written in a cursive style with a large, stylized "P" and "G".

Philip L. Gastaldo
